

RPX-112P/B

PROFESSIONAL SERIES: 12" TWO-WAY HIGH OUTPUT STAGE MONITOR SYSTEM

Radian's RP Series of full-range coaxial monitor loudspeakers are designed specifically for touring/ portable sound systems. The full-range RPX-112P, a passive coaxial speaker, and the RPX-112B, a bi-amp model, are loaded with a 12" low-frequency woofer and 2" exit compression driver and are designed for high-output live playback.

The RPX-112P/B are dedicated low sightline floor monitors. The RPX-112P passive monitor utilizes a 12 dB per octave crossover network centered at 1,250 Hz. The RPX-112B is a bi-amp monitor, for which a 1,000 Hz at 24 dB crossover is recommended.

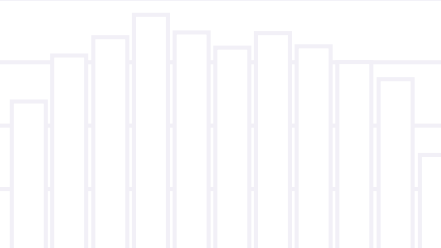

Unlike traditional multi-way loudspeaker systems that employ separate low frequency speakers with compression driver/horn combinations, Radian coaxial loudspeaker systems present all frequencies to the audience from one coherent source. This single-point source system eliminates the problem often associated with "time smear" in which the sound coming from the low-frequency component arrives at the listener's ear earlier or later than the sound emanating from the horn/driver combination.

Radian loudspeaker systems' conical dispersion patterns utilize the low-frequency cone as an extension of the high-frequency compression driver to provide clean, transparent reproduction of both music and speech with lower distortion than most asymmetrical high-frequency horns.

Construction is of 3/4" 13-ply Baltic birch protected with Radian's exclusive scratch-resistant, waterproof Duradian™ finish.

- ✓ **COMPACT, PORTABLE**
- ✓ **TRUE POINT SOURCE**
- ✓ **500 WATTS RMS**
- ✓ **90° CONICAL DISPERSION**
- ✓ **DURADIAN™ FINISH**

RPX-112P/B

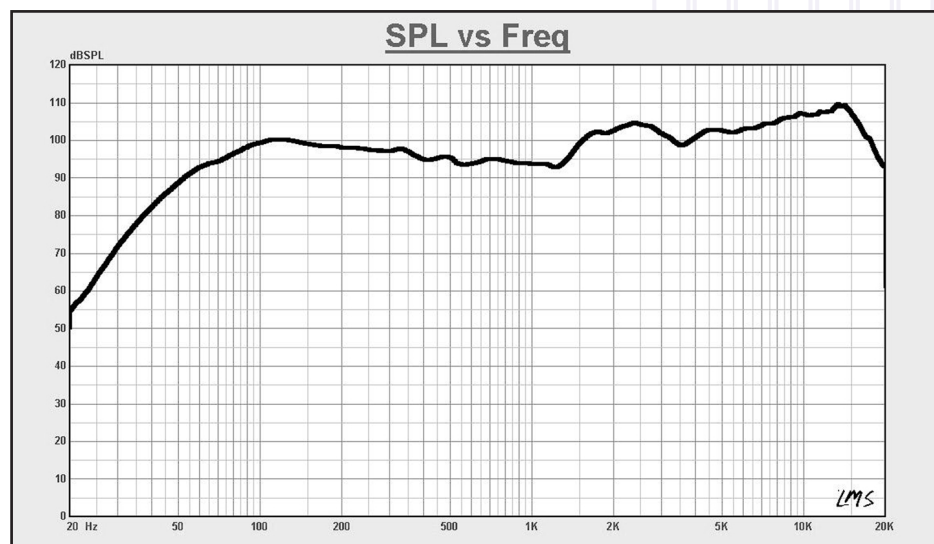

PROFESSIONAL SERIES: 12" TWO-WAY HIGH OUTPUT STAGE MONITOR SYSTEM

SPECIFICATIONS

FREQUENCY RESPONSE	60 Hz – 15 kHz
POWER HANDLING	500 watts RMS
SENSITIVITY*	96 dB
IMPEDANCE**	P = 8 ohms, B = 8 ohms LF, 8 ohms HF
MAX SPL	123 dB continuous, 129 dB peak
NOMINAL DISPERSION	90° Conical
DIMENSIONS (HWD)	14-1/2" x 23" x 12-3/4", 368 x 584 x 324 mm
ENCLOSURE CONSTRUCTION	3/4" 13-ply Baltic birch with perforated steel grills and handle
INPUT CONNECTORS	Dual Neutrik NL4 Speakon
STANDARD FINISH	Scratch-proof, waterproof black Duradian™
NET WEIGHT	63 lbs., 28.6 kg
SHIPPING WEIGHT	70 lbs., 31.8 kg

*One Watt, One Meter

**P = Passive only B = Bi-amp only
